Revisions of the full-year earnings forecast

(January 31, 2025) **1**

Business profit significantly exceeded the initial forecast

- While revenue is trending toward recovery, it was unable to cover the shortfall in the first quarter
- Business profit significantly exceeded the initial forecast due to reduced quality improvement costs, progress in reflecting increased personnel costs in sales prices, and improved profitability through higher utilization rates resulting from increased sales

Revisions of the full-year earnings forecast

(January 31, 2025) 2

Unit: million yen

		Revenue	Business Profit	Operating Profit	Profit before tax	Profit	Profit attributable to owners of Parent

3. Detailed Information for the Third Quarter of FY2024

Orders Received and Backlog of Orders

Quarterly Change (Accounting Period)

Order receipt activities remained strong during this third quarter

Consulting and system development (unit: million yen)

Management services (BPO) (unit: million yen)

* For the fiscal year ended March 2024, amounts related to the divested subsidiaries (MICS, GSX) have been excluded.

Orders Received and Backlog of Orders

Overview of the situation for each business

Consulting and system development business (a 1,406 million yen increase, +22.3%, compared to the same quarter in the previous year)

- The third quarter normally shows a decline compared to the second quarter. There was a particularly large increase for this second quarter due to temporary factors, but orders in the third quarter exceeded that level, reaching the highest level for any third quarter in the past several years
- Significant increase for the IT Consulting and System Development divisions in eastern Japan
- Strong performance in large orders for infrastructure and industry related business management systems
- Approx. 200 million yen increase in orders from the newly added Fresco, Inc. and BBS Managed Services Inc.

Management services (BPO) business (a 929 million yen increase, +63.9%, compared to the same quarter in the previous year)

- Approx. 600 million yen increase in orders from the newly added Twinkle Co., Ltd.

Revenue and Business Profit

Quarterly Change (Accounting Period)

Due to strong order performance, the third quarter showed further growth from the second quarter, achieving a business profit margin of 10%

Revenue (unit: million yen)

Business profit (unit: million yen) / Profit margin

Business Profit

Comparison with Same Quarter of the Previous Fiscal Year

Sales growth significantly contributed to increased business profit

Increased sales were handled through greater outsourcing due to full utilization of internal personnel

Unit: million yen

Segment Net Sales and Profit

Quarterly Change (Accounting Period)

Consulting and system development continues positive trend with steady growth
 Profitability for managed services recovered due to improved efficiency, such as higher utilization rates of the new BPO center

Segment net sales (unit: million yen)

Segment profit (unit: million yen)

Consulting and System Development Business

Quarterly Change (Accounting Period)

Our main strength of accounting system consulting and system development continues to expand
 PLM support solutions recovered steadily

Segment net sales (unit: million yen)

Segment profit (unit: million yen)

Consulting and System Development Business

Overview

<ul style="list-style-type: none">■ Accounting system consulting and system development	<ul style="list-style-type: none">• Significant increase in sales due to the increased orders during the second quarter. Growth was particularly large in the eastern Japan region• Profitability improved significantly due to increased utilization rates and recovery of fixed costs resulting from higher sales• Another factor in improved profitability is the rise in relatively large orders
<ul style="list-style-type: none">■ System development for the financial industry	<ul style="list-style-type: none">• The business environment is challenging due to a decrease in temporary demand following regulatory revisions in the previous fiscal year, and the plateauing of high-margin fund wrap. Given that significant growth cannot be expected, we are focusing on maintaining performance• We are implementing measures for our next growth by expanding fund wrap functions and deploying to customers other than securities firms
<ul style="list-style-type: none">■ PLM support solutions	<ul style="list-style-type: none">• Significant improvement seen due to the completion of handling underperforming projects in the previous quarter• The environment for orders is also improving, leading to conditions for stable growth. The key to further expansion is securing personnel• Due to the significant improvement in utilization, profitability recovered

Management Services (BPO) Business

Quarterly Change (Accounting Period)

HR and payroll related outsourcing is recovering, with a significant improvement in outsourcing for global companies

Increased revenue and profitability were seen for onsite BPOs due to the acquisition of business from Twinkle

Segment net sales (unit: million yen)

Segment profit (unit: million yen)

Management Services (BPO) Business Overview

<ul style="list-style-type: none">■ HR and payroll related outsourcing	<ul style="list-style-type: none">• Increased sales from year-end tax adjustment operations etc.• Despite increased expenses due to the reassessment of internal cost burden ratio following organizational restructuring, profits increased due to a combination of factors such as higher utilization rates from the steady launch of year-end tax adjustment operations and new projects, improved profitability through contract revisions, and progress in operational reorganization following the merger
<ul style="list-style-type: none">■ Outsourcing for global companies	<ul style="list-style-type: none">• For large enterprises, efforts are underway to gradually expand the scale of contracts from small orders, which will lead to sales growth• Profits increased due to higher utilization rates of the Sapporo BPO Center and improved profitability through contract revisions• The third quarter showed a significant year-on-year profit growth, as the previous year's third quarter had recorded a deficit due to temporary factors including development cost burdens
<ul style="list-style-type: none">■ Outsourcing for foreign companies	<ul style="list-style-type: none">• There were no large changes to the environment. Showing steady performance
<ul style="list-style-type: none">■ Onsite BPO	<ul style="list-style-type: none">• Twinkle contributed approx. 630 million yen in sales and 25 million yen in profit
